

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of tartar, derived from grapes;
- (2) Alum, a mineral acid; and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities that exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white, powdered acid. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the names of the ingredients printed on the label and know what she is using.

Our Evening Thought

Inclination or duty—why should we have to choose between them. How easy to follow the one, how hard to obey the other. Duty may be a hard taskmaster, but there is a peace that follows obedience. "Colors woven by candlelight are not the same by day." The beautiful colors woven by duty's children bear close inspection, for duty is a bright and golden sunbeam that gilds the humblest lot with light divine.—S. C. Clark.

The many friends of Mrs. Ford Rogers are giving her a warm welcome, she having arrived yesterday afternoon from Detroit, Mich., where she has spent the summer at her old home. Mrs. Rogers will again spend the winter at the residence of Mr. and Mrs. Sidney Haile on Oklawaha avenue.

Mrs. L. N. Green, who has been quite ill for several days at the hospital, was removed to her home today, and will soon be entirely well, which news will be of interest to her legion of friends.

Mrs. G. A. Plummer of Huntington, W. Va., arrived yesterday afternoon for an indefinite visit to Mrs. C. H. Dame, at her home on South Lime street. Mrs. Huntington may, in all probability, invest in Ocala and make it her future home.

Which is more forgetful, the man or the woman? The lost and found bureau in one of the great railroad stations in Chicago says that women are much more forgetful than the men, basing the assertion on the fact ascertained after many years of finding and restoring lost articles, that a vast majority of the articles left on trains and in stations are claimed by women.

Mr. Lou Hailey, formerly of this city, has just purchased the home of Dr. C. H. Field in Clearwater and is moving his family into it. Dr. Field and his family passed through Ocala yesterday in their car en route to Griffin, Ga., where they will make their future home.

The Military Service Club celebrated its opening last evening at the state camp grounds in the most fitting manner by giving a house warming party that will go down in military annals as the most brilliant function ever held. Jacksonville society turned out in force and the picture of the brilliant uniforms of the officers and the handsome gowns worn by the ladies made the occasion an unusually inspiring one. The spacious rooms of the new club house were thrown open to the guests and dancing to entrancing music was enjoyed by the society folks and officers until a late hour. The guests were received in a hospitable manner by Adjutant General J. Clifford R. Foster, president of the club, and his charming wife. Others who assisted in receiving the guests were Gen. and Mrs. C. P. Lovell, Mr. and Mrs. J. D. Holmes, Major and Mrs. Herbert Weller, Major and Mrs. Henry Covington, Capt. and Mrs. A. Y. Milan, Mr. and Mrs. F. C. Groover and Capt. A. Wright Ellis. An impressive feature of the function was the reception of the military organiza-

tions of the different states who are participating in the rifle matches. Each delegation was headed by the ranking officer. This presentation of guests was headed by Col. Batchford, the executive officer of the matches, accompanied by his adjutant, Captain Clopton and Captain Pearson. The adjutant generals from Tennessee, South Dakota, Minnesota, Wyoming, South Carolina and West Virginia, were prominent throughout the evening.

KENDRICK W. C. T. U.

The members of the Kendrick W. C. T. U. met yesterday afternoon, Oct. 12th, in the church.

Opening song, "The Temperance Lighthouse."

Scripture reading, the 19th Psalm.

Prayer by Mrs. J. B. Webb.

Roll call and reading of minutes of previous meeting.

Reports of committees.

Following the business meeting, the remainder of the afternoon was spent in discussing plans for the future, and many new plans were suggested. One plan presented was favorably acted upon and put into operation by the members present, which resulted in good, and which promises to continue to bring in good results.

We are looking forward to a big day next Sunday, Oct. 17th, when we will have with us Mrs. Lillian Britton Fulton, "Florida's woman orator on temperance," who has spoken in seven states and two foreign countries, and now just returned from two years in Panama. Mrs. Fulton will occupy the pulpit both morning and evening at the Kendrick church, and all who have once heard her will desire to hear her again.

The next meeting of the union will be held at the home of Mrs. J. J. Guthery, Tuesday afternoon, October 26th. A cordial invitation is extended to all to be present.

UNIVERSAL PEACE

This nation is now in the midst of a controversy as to how best to promote universal peace. That question we will leave for diplomats to discuss, but peace within nations is no less important than peace between nations and it is heavily laden with prosperity for every citizen within our commonwealth.

Many leading politicians and oftentimes political platforms have declared war upon business and no cabinet crisis ever resulted. Many men have stood in high places and hurled "gas bombs" at industry; thrust bayonets into business enterprises and bombarded agriculture with indifference. Party leaders have many times broken diplomatic relations with industry; sent political aviators spying through the affairs of business, and political submarines have sent torpedoes crushing into the destiny of commerce. During the past quarter of a century we have fought many a duel with progress, permitted many politicians to carry on a guerrilla warfare against civilization and point a pistol at the heart of honest enterprise.

No man should be permitted to cry out for universal peace until his record has been searched for explosives, for no vessel armed or laden with munitions of war should be given a clearance to sail for the port of Universal Peace. Let us by all means have peace, but peace, like charity, should begin at home.

GRASPING AT THE SHADOW

No man—especially if he is married—would deny woman any right she demands. Take the earth and give us peace, but why does woman long for the ballot?

When all is said and done, is not the selection of the butcher more important to the home than the election of a mayor; is not the employment of the dairyman a far more important event in the life of the children than the appointment of a postmaster; is not the selection of books for the family library more important than voting bonds for jail and court house? Why does woman lay aside the important things in life? Why leave the substance and grasp at the shadow? Be it said to the credit of womanhood that it is not, as a rule, the woman who rocks the cradle that wants to cast the ballot; it is not the mother who teaches her children to say "Now I lay me down to sleep" that harangues the populace; it is not the daughter who hopes to reign as queen over a happy home that longs for the uniform of the suffragette. It is, as a rule, the woman who despises her home, neglects her children and scorns motherhood that leads parades and smashes windows.

"BELSHAZZAR"

Preparations are being made by the Baptist choral society to produce the beautiful dramatic cantata, "Belshazzar," at the Temple theater Thursday evening, the 21st. The musical part of the production is in charge of Prof. Leavitt P. Booie, assisted by Miss Mary Gates, pianist. All the robes and other paraphernalia used in the production will be of the period portrayed, and a real treat is in store for those who witness it next week. A number of rehearsals have been held and a dress rehearsal will be put on next Sunday afternoon.

Tickets will be placed on sale in a few days, and as the proceeds are to be used by the Baptist Sunday school classes, it is to be hoped that a liberal patronage will be accorded the production.

BILIOUSNESS & CONSTIPATION

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.—Adv.
